3. Click **Protocols** tab.
4. Under **Show an Alert Before**, click to "de-select" **Accepting a Cookie**.

America Online versions 4 and 5

Follow the instructions below only if you are using the browser that came with AOL. If you opened another browser outside of AOL, follow the directions for that browser as described above.

1. Click on **Start** from your Windows 95/98 taskbar.
2. Point at **Settings**.
3. Click on **Control Panels**.
4. Click on the **Internet** icon. The **Internet Properties** window will appear.
5. Click on the **Advanced** tab from within the **Internet Properties** window.
6. Scroll down until you see the **Cookies** icon.
7. Click **Always accept cookies**.
8. Click on **Apply**.
9. Click on **OK**.

America Online version 5 (alternate instructions)

1. In the AOL top menu bar, click on **My AOL**.
2. Select **Preferences** from the drop down menu.

3. In the **Preferences** window, click on **WWW**. The **AOL Internet Properties** window will appear.
4. Click on the **Security** tab.
5. Click on the **Internet zone**, then click on the **Custom** button on the bottom of the window. The **Security Settings** window will appear.
6. Scroll down until you see **Cookies**.
7. Click **Enable**.
8. Click on **OK**.

America Online version 4 (alternate instructions) and version 3

1. Click on **MY AOL** on your AOL Toolbar.
2. Select **Preferences**.
3. Click on the **WWW** icon. The AOL Internet Properties window will appear.
4. Click on the **Advanced** tab from within the **AOL Internet Properties** window.
5. Click to "de-select" **Warn before accepting cookies**.

To accept cookies if you are using a Macintosh computer...

Internet Explorer 4 and 3
